Specialty Products

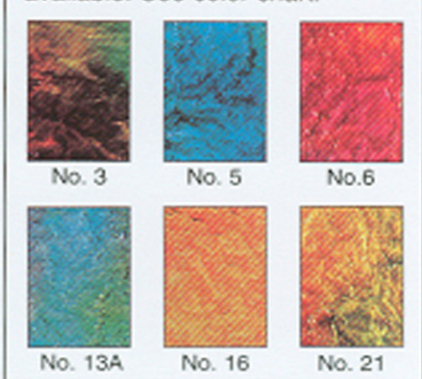

Standard Opaque Colors

Multi-Colors

This represents only a small sample of the many multi-colors available. See color chart.

Advantages of this product:

- *Shatterproof: withstands impact from objects such as stones and bottles
- *Easily installed: install like you would glass panels, except you can cut and drill this material very easily
- *Chemical and storm resistant: Resists most acids and meets hurricane code

Our multicolor examples are listed on the next page
